

## Window Art with Creative Kids

You can make a no mess stain glass effect picture to fit within your window pane at home. We would like you to take part in :

### You will need:

- Black/dark paper- x 2or, 3 any size that's a4 and larger. x1 or 2 sheets for ripping and x1 to be made into a picture frame. The frame can be any size but, should not be larger than your window pane. Black paper makes the outline of shapes needed for this project. If youre expecting to make more than one stain glass picture then you'll need more than 3 sheets.
- Baking paper- a size that will fit onto the frame you have made above. Plus extra to colour or collage onto.
- Pritt stick
- Sellotape/masking tape
- Coloured tissue papers. An alternative to tissue paper is stated below.
- Scissors

Alternative to cutting and sticking with tissue paper use wax crayon- colours

We will work on a table. It's difficult to visualise on translucent baking paper, please have a light or dark paper/table covering to place underneath.

### To make a Tiger:

Tissue paper or wax crayons- In colours for Tiger fur and eyes. Orange/browns/yellow/blue/green

---

If you wish you can additionally use or pre-make the following, but not essential:

- Hole puncher (of any shape),
- Make silhouette shapes of animals/insects/foilage in the black paper in advance.
- Use coloured sellophane.
- Felt tips (in vivid colours that work best on baking paper)

An assortment of tissue paper colours can be used to extend ideas for your stain glass picture. Cut some into squares, circles, leaf shapes.
